CAREER OBJECTIVE A dedicated, adaptable and collaborative IT fresh graduate eager to start a career as Design Associate. I gained practical experience building functional web applications and delivering solutions for real-world clients. I am looking to bring my technical skills and proactive work ethic to your team, where I can contribute to projects while continuing to grow as a professional.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, TypeScript, PHP, Python, Java, MySQL, PostgreSQL
- **Frameworks & Libraries:** Node.js, Express.js, React, Bootstrap, Vue.js
- **Tools & Platforms:** Git, GitHub, MySQL, XAMPP, VS Code, Figma, Canva, PhotoShop, Photopea, WordPress, Elementor, Microsoft Office (Excel, PowerPoint)
- **AI & Automation:** Flowise (Logic-based AI Chatbot Development), Professional IT- Elective in Artificial Intelligence
- **Methodologies:** OOP, SOLID & SEO Principles, MVC Architecture

PROFESSIONAL PROJECTS & EXPERIENCE

Loan Monitoring and Financial Management System | May 2025 – Present

KATD SOLUTIONS (4-Member Freelance Team) | Client: UC METC Campus, Cebu City

- Worked with another developer to build the backend API from scratch using Node.js and Express to handle math formulas for monthly payments, making loan processing and tracking much faster.
- Focused on using automation to improve daily operations, making it easy for the client to get accurate, up-to-date financial information and transaction reports whenever they need them.
- Co-designed and built the database using PostgreSQL to centralize member records, move loan processes online, and cut down on manual paperwork and errors.

On-the-Job Trainee (IT Admin Assistant & Web Development) | Feb 2026 – April 2026

CoreLogic Consulting & System, Inc. | Gov. M. Cuenco Avenue, Cebu City

- Handled daily office paperwork and digital documentation and used WordPress with Elementor to design, edit, and update different web pages for real clients.
- Used Canva and photoshop to create graphic assets, including video editing, logos, and pictures, while independently building Mentor Log—a local-base system the company actively uses to automate trainee logs and mentorship tracking.
- Managed local data safety by regularly backing up client files and organizing company digital records to prevent data loss.

CHRONONAV – Campus Navigation & Scheduling App (Capstone Lead Developer) | Aug 2025 - Dec 2025

- Served as the Lead Developer, managing the code using Git/GitHub and ensuring a stable backend to connect campus and navigation data.
- Integrated OCR technology to turn scanned student study loads into digital schedules, while helping write the project documentation and presenting during the defense.

EDUCATION

University of Cebu – Main Campus | Cebu City, 6000 Philippines

- Bachelor of Science in Information Technology | **June 2026**

CERTIFICATIONS

Cisco Certified Network Associate (CCNAv7)

- Switching, Routing, and Wireless Essentials | Jan 2025
- Introduction to Networks | June 2024
